Professional Summary

I'm a detail and self-oriented graduate from the University of Embu. I bring a solid foundation in Computer Science, equipped with the expertise to design dynamic websites, build resilient systems, perform comprehensive vulnerability assessments and deploy effective networking solutions. My adaptable skill set enables me to contribute to multiple facets of technology, ensuring exceptional results. Committed to stay abreast of the latest industry trends and technologies, I'm dedicated to continuous learning and professional growth.

Experience

Cybersecurity attaché -Society of Forensic Science Researchers and Expert Association (SoFSREA)

(May 2024- August 2024)

- ✓ Conducted vulnerability assessments and identified common web application security risks.
- ✓ Applied security testing techniques to detect, analyze, and mitigate potential threats.
- ✓ Developed skills in analyzing security incidents and report findings with actionable recommendations.

Information Technology Intern- R.M Njiraini and Co. advocates

(July 2024)

- ✓ Developed and implemented an MIS for fleet vehicle management
- ✓ Carried out data validation, report testing during integration
- ✓ Provided technical support for seamless MIS integration and troubleshooting
- ✓ Enhanced office efficiency by maintaining accurate, up to date records.

Education

2021-2025 University of Embu BSc. Computer Science

2021 ICT4D Certificate in Computer Applications

2017-2021 St. Alphonsa Kisau Girls' Sec School K.C.S.E

2007-2016 Kyamusoi Primary School K.C.P.E

Core Skills

- Programming
- Web and Software Development
- Networking
- Cyber Security
- Microsoft suite

Personal Skills

- Excellent Interpersonal and Communication Skills
- Excellent Organizational skills
- Excellent Teamwork and Coordination Capability
- Person of Integrity, Dependable and Hardworking
- Ability to work under minimum supervision

Certifications

- Certificate of Completion of Cisco Cyber Security Course
- Certificate of Leadership of Cyber security Google Developer Groups on Campus UoEm
- Certificate of merit in Dada STEM mentorship program
- Certificate of merit in 3D printing
- Certificate of Completion of Cisco Networking Course

Programming Languages

Python, C, Java, SQL, HTML, CSS, C++, JavaScript

Leadership and Voluntary work

- Google Developer Groups on Campus University of Embu Cyber Security Lead
- She Code Africa Chuka Chapter University of Embu representative
